Announcement for the Certified Coach Training Session in 2011

Dear Sirs and Madams,

We're glad to hear that things are going well for you. We have decided to hold the Certified Coach Training Session in 2011.

Since the National Sports Festival in 2008, this certification has been mandated (Refer to the Mandatory Certified Sports Coach Qualification). In addition, as the implementation outline of the competitions by Japan Hockey Association says, it's preferable that each team has a manager with this certification. In the near future, certificated trainers will become mandatory in all of the competitions. We recommend that you take this certification as soon as possible. Please surely register for this training, especially for managers who consider the participation to the National Sports Festival. Please take this opportunity since the period of validity for this certification has been 4 years.

The curriculum and cost are under consideration between Japan Amateur Sports Association and Japan Hockey Association. As the lecture cost, common subject fee is 18,900 yen with tax included, and expert subject fee is 10,500 yen, with adding accommodation fee.

We are therefore hoping that applicants (over 20 years old as of 1 April, 2012) are required to fill out the document below and send email or fax, or mail it till 13 pm on March 1st. We are sending the applicants the documents with details later. However, please note that our section selects applicants considering their coaching career when the number exceeds the quota.

Sincerely yours
